

## ENTERPRISE BUSINESS EMAIL PLAN

Let us take the hassles out of **e-mail servers** from you so you can return to your core business with confidence

With our latest inclusion of 4 tiered anti-virus protection features and proprietary processing rules on our email servers for all e-mail users, you'll be assured of virus free e-mails and junk-free e-mails to your mailboxes.

More offshore companies have outsourced their e-mail service to us as our services have proven reliable. We have earned the trust of over 50,000 e-mail users for processing over 7 millions e-mails daily on our mail servers.

Let us take the hassles out of e-mail servers from you so you can return to your core business with confidence.

**Enterprise Business Email Plan is available with the following features:**
